2300	11:00 PM	twenty-three hundred
2315	11:15 PM	twenty-three fifteen
2330	11:30 PM	twenty-three thirty
2345	11:45 PM	twenty-three forty-fiv

Notes

2400 is midnight at the end of a day; 0000 is midnight at the start. Same clock face, different schedule wording.

Leading zeros matter on forms (0900 not 900). Colon is optional: 1730 and 17:30 are the same.

Minutes that are not :00/:15/:30/:45: use the converter at convertmilitarytime.com
